Education

Centennial College

Advanced Diploma, Software Engineering Technology. GPA [3.5]

Scarborough, ON

2020 - Present

Experience

Terry Fox

Brampton, ON

Public School

Co-op Student

Sept 2018 – Jan 2019

- Kept the class organized so it was easier for students to find resources faster and so the students and get dismissed faster than usual
- Helped kids with schoolwork which gave the teacher more time to plan.
- Planned for lessons and activities with the teacher for the next week.
- Taught my own lessons on math such as simple addition and subtraction and some basic computer skills such as finger placements on a keyboard when the teacher had to take a step out of the classroom.
- Cleaned the classroom so the kids and teachers can get out of the school faster and to make sure that nothing is on the ground, so the children are unable to injure themselves.

Versatile Spray-Painting

Bolton, ON

General Labour

2018 – 2019

- Packed items to make sure that ordered items would get to there destination on time with no delays.
- Cleaned the floor and surrounding work areas to make sure it was neat for others to work and to make sure there is no way for someone to injure themselves.
- Organized paint and materials needed by the painters that way they can focus on painting and getting there job finished
- Worked together with others by coordinating on big packages that needed to be shipped by wrapping and lifting heavy items with one another to efficiently get jobs done quicker and safer.

Volunteer Experience

Phap Van Buddhist Cultural Center

Mississauga, ON

Booth Attendant

August 2018

- Worked in a group to manage money and customer satisfaction by talking and making sure everything was excellent
- Adapted well to all different types of people/customers so I could help everyone on a short notice

Vietnamese Lunar Festival

Mississauga, ON

Volunteer

February 2018

- Hosted activities/events for children so they could have a fun time at the festival and parents could go elsewhere
- Worked with other volunteers to make sure the events we set up were all running smoothly and helping others in stations that needed more people or were very busy.
- Cleaned up during and after the event to make sure it is clean and no one can get injured and made sure after the whole event it was neat and clean for the next event that would be booked in the venue

Skills & Interests

- Proved to be able to work with kids and others to make sure everything can run smoothly and making sure no one can get injured.
- Bilingual in English and Vietnamese but writing and reading is inefficient
- Adequate skills in programming languages as Java, C#, C++, JavaScript, CSS, Html and learning Angular
- Learned how to use SQL to manipulate databases to find information as well as add and remove and more.
